

TRIM[®] OV 2200

Premium Vegetable-based Oil

TRIM OV 2200 is a bio-based straight oil for machining difficult alloys and stainless steels. The formula utilizes a proprietary blend of renewable resources to eliminate the need for traditional additives such as chlorine, sulfur, and animal fats. Allows users to improve their environmental profile by replacing products that contain V.O.C.

Global Tool Manufacturer Doubles Tool Life and Reduces Straight Oil Usage by 50% with TRIM[®] OV 2200

An industry leading manufacturer of professional hand and power tools globally turns tool steel components for a wide range of customers including aerospace, construction, and vehicle assembly and repair. With operations in over 30 countries, this company boasts a portfolio of many well-known powerhouse brands in the manufacturing industry.

Aerospace Approvals

Company	Specification
Raytheon Technologies/Collins Aerospace/Pratt & Whitney	PMC 9469
USDA BioPreferred - Certified Biobased Product	No specification available

Choose OV 2200:

- Environmentally friendly product which is free of V.O.C., chlorine, and animal fats
- Delivers productivity improvements versus traditional mineral oils
- Improves shop environment by reducing unpleasant odors and residues
- Light colored, clean running
- Versatile formulation developed to machine difficult alloys and stainless steels
- Protects sensitive aluminum and copper alloys
- Improves oxidative stability over previous generations of vegetable oils
- Meets medical industry restrictions

OV 2200 especially for:

Applications — general purpose, machining, tapping, and thread milling

Metals — aluminum, copper alloys, stainless steels, and steel alloys

Industries — automotive, general industry, and medical

OV 2200 is free of — animal fats, chlorine, and VOC

Premium Vegetable-based Oil

Application Guidelines

- TRIM OV 2200 is designed to be used straight.
- For additional product application information, including performance optimization, please contact your Master Fluid Solutions' Authorized Distributor at <https://www.masterfluids.com/na/en-us/distributors/index.php>, your District Sales Manager, or call our Tech Line at 1-800-537-3365.

Physical Properties Typical Data

Color	Clear amber
Odor	Mild oil
Form	Liquid
Flash Point	> 455°F
Viscosity	26.00 cSt @104°F (40°C)
V.O.C. Content (ASTM E1868-10)	0 g/l

1-gallon jug
SKU: OV2200-1G
UPC-12: 641238070528

5-gallon pail
SKU: OV2200-5G
UPC-12: 641238070542

54-gallon drum
SKU: OV2200-54G
UPC-12: 641238070559

270-gallon tote
SKU: OV2200-270G
UPC-12: 641238070566

Additional Information

- Consult Master Fluid Solutions before using on any metals or applications not specifically recommended.
- This product should not be mixed with other metalworking fluids or metalworking fluid additives, except as recommended by Master Fluid Solutions, as this may reduce overall performance, result in adverse health effects, or damage the machine tool and parts. If contamination occurs, please contact Master Fluid Solutions for recommended action.
