

# Master STAGES™ SkidRid™

**Butyl-Free/Phosphate-Free Floor & Multi-Purpose Cleaner/Degreaser**

Master STAGES™ SkidRid™ is a highly concentrated cleaner built for multiple uses including floor cleaning and general degreasing. In addition to automatic floor scrubbers, it does a great job in general purpose cleaning, mop bucket cleaning, and parts washing in room-temperature wash tanks. SkidRid is completely free of 2-butoxyethanol (Butyl) and is not reportable under SARA section 313.

## Maintenance

*Whether cleaning true grit or light soil from machines, work surfaces, glass, or floors, there's a highly-concentrated, cost-effective Master STAGES cleaner to get the job done and save hours of maintenance. So, don't just get it clean — get it Master STAGES clean! Master STAGES highly concentrated Whamex™ sump and central system cleaners for interim and full cleanouts extend sump life, are very cost effective, and greatly reduce downtime.*

*All Master STAGES environmentally-friendly products are safe for human contact and free of harmful, corrosive chemicals and troublesome SARA 313 ingredients.*

## Choose SkidRid:

- Specially formulated to lift off stubborn tire marks — pre-application from a spray bottle followed by power floor scrubbing can often deal with the most difficult areas
- Contains no 2-butoxyethanol (Butyl), an ingredient of increasing concern often found in products of this type
- All of the ingredients used in SkidRid are biodegradable
- Economical to use because it is very highly concentrated — a little bit goes a long way
- Can be used for general cleaning tasks and to remove soils from parts and tools
- Hard water tolerant
- Mild, pleasant scent
- Environmental approvals are simplified because SkidRid contains no nitrites, phosphates, barium, phenols, or butyl cellosolve; this formula has very low V.O.C. content and is not SARA 313 reportable
- Effective in immersion style washers and ultrasonic baths can be used at room temperature up to 120°F (49°C)
- Effective mop bucket cleaner in addition to being useful in floor scrubber machines
- Removes heavy soils from floors without lifting off floor paints, coatings, or leaving a slippery residue; thereby suitable for concrete, painted tile, or linoleum floors

## SkidRid especially for:

**Applications** — automatic floor scrubbers, floor cleaning, general degreasing, general-purpose cleaning, immersion tanks, mop bucket cleaning, parts washing, and ultrasonic tanks

**Soils** — coolant residues and light oils

**Metals** — aluminum, brass, cast iron, copper, steels, and zinc

**Industries** — aerospace, automotive, job shop, and medical

**SkidRid is free of** — 2-butoxyethanol (Butyl), barium, nitrites, phenols, phosphate, and SARA 313 listed ingredients

**Butyl-Free/Phosphate-Free Floor & Multi-Purpose Cleaner/Degreaser**

## Application Guidelines

- SkidRid is highly concentrated and should be used at low, economical dilution rates in tap water:

Washing Method	Percent	Add Rate
Power washers and steam cleaners	½% - 3%	¾ - 4 oz. /gal
Floor scrubber machines	1% - 5%	1½ - 6½ oz. /gal
Mop buckets	5% - 10%	6½ - 13 oz. /gal
Parts washing (cold immersion type)	5% - 10%	6½ - 13 oz. /gal
Hard surface cleaning	5% - 20%	6½ - 26 oz. /gal

- For additional product application information, including performance optimization, please contact your Master Fluid Solutions' Authorized Distributor at <https://www.masterfluids.com/na/en-us/distributors/index.php>, your District Sales Manager, or call our Tech Line at 1-800-537-3365.

## Physical Properties Typical Data

Color (Concentrate)	Clear, pale yellow
Color (Working Solution)	Light yellow
Odor (Concentrate)	Mild
Form (Concentrate)	Liquid
Flash Point (Concentrate) (ASTM D92-90)	> 212°F
pH (Concentrate as Range)	12.5 - 12.9
pH (Typical Operating as Range)	11.0 - 12.5
Coolant Refractometer Factor	6.0
Cleaner Conductivity Factor	0.00150
Titration Factor (CL-1 Titration Kit)	0.50
Number of Cleaner Vials (CL-1 Titration Kit)	2
Cleaner Indicator A or B (CL-1 Titration Kit)	A
